

Program

Forskningens Dag 2018

09.00	Ankomst , registrering og log-on til afstemningsmodul
09.30	Velkomst v/ leder af NIDO danmark, Annette Haagerup
09.35	Åbningstale v/ hospitalsdirektør Poul Michaelsen
09.45	Åbningsbemærkninger v/ leder af NIDO danmark, Annette Haagerup

Session 1 - orale præsentationer

Chair: klinisk lektor, overlæge Jørn Theil og professor, overlæge Therese Ovesen

09.55	Indledende bemærkninger v/ chairmen
-------	--

Abstract nr.	Tid	Titel på præsentationen	Navn
1	10.00	Can organizational factors mitigate health consequences following threats and violence at work?	Karin Biering
2	10.12	Effects of low chloride versus high chloride infusion on GFR and renal plasma flow in healthy volunteers - a randomized, controlled, crossover study.	Jesper Nørgaard Bech
3	10.24	PRO-based follow-up as a means of selfmanagement support - an interpretive description of the patient perspective	Caroline Trillingsgaard Mejdahl
4	10.36	Determination of Renal Blood Flow based on PET/CT-Rubidium-82-technology in healthy Subjects	Stine Langaa
5	10.48	Effects of Lung Protective Ventilation on Post-operative Respiration Parameters in Patients Undergoing Robot Assisted Radical Prostatectomy	Mette Mølsted Sørensen
6	11.00	Adult granulosa cell tumor associated with breast cancer in Denmark 1964-2016	Anna Lund Rasmussen
7	11.12	Effects of Sodium Nitrite on Renal Function and Blood Pressure in Hypertensive Versus Healthy Subjects. A Randomized, Placebo-Controlled, Cross-Over Study	Jeppe Bakkestrøm Rosenbæk

11.25 - 11.45	Pause
---------------	--------------

11.45	Inviteret foredrag: Erfaring med og perspektiver for klinisk forskning v/ Jørgen Frøkiær, professor, overlæge og institutleder for Institut for Klinisk Medicin, Aarhus Universitet
-------	--

12.30 - 13.15	Frokost og postergalleri
---------------	---------------------------------

Session 2 - poster med plenum præsentation

Chair: professor, overlæge Johan Hviid Andersen og klinisk lektor, overlæge Morten Böttcher

13:15	Indledende bemærkninger v/ chairmen
-------	--

8	13.20	Fjern-supervision i Fokuseret Hjerter Ultralyd	Stig Holm Jensen
9	13.24	Effect of short term CPAP treatment on blood pressure in patients with hypertension and moderate-to-severe OSA	Bodil Gade Hornstrup
10	13.28	Unsupervised home-based exergaming improved Cardiac Risk Factors in Prostate Cancer Patients receiving Androgen Deprivation Therapy	Brigitta R Villumsen
11	13.32	Acute tolvaptan treatment has no immediate effect on renal plasma flow or glomerular filtration rate in polycystic kidney disease	My Emma Sofie Malmberg
12	13.36	Effect of introducing an imaging based rule out strategy for coronary artery disease in patients with intermediate risk on the utilization of invasive coronary angiography	Louise Nissen

13.40	Spørgsmål til posters i plenum
-------	---------------------------------------

13.50 -14.05	Pause
--------------	--------------

Session 3 - poster med plenum præsentation

Chair: klinisk lektor, overlæge Anders Husted Madsen og professor, overlæge Jørgen Bjerggaard Jensen

14.05	Indledende bemærkninger v/ chairmen
-------	--

13	14.10	The effect of family authored diaries on PTSD in ICU patients and their relatives: A randomized controlled trial	Anne Højager Nielsen
14	14.14	Increased Prevalence of Coronary Artery Disease in Patients with Chest Pain and Concomitant Seropositive Rheumatoid Arthritis: An Analysis from a Clinical Computed Tomography-Based Large-Scale Population Cohort	Andreas Bugge Tinggaard
15	14.18	Developmental biology molecular pathways are enriched in both STAR*D and CATIE patients who gained excessive weight during treatment	Henrik Thyge Corfitsen
16	14.22	The effect of high versus low dietary sodium intake on erythrocyte sodium sensitivity and shedding of endothelial glycocalyx in a randomized, double blinded, placebo controlled cross over study in healthy subjects	Rikke Lund Sønderbæk
17	14.26	Association between circulating PCSK9 levels and prognosis in patients with severe chronic kidney disease	Laust Dupont Rasmussen
18	14.30	Preliminary results for the use of Na ¹⁸ F PET/CT in renal osteodystrophia	Marie Houmaa Vrist

14.35	Spørgsmål til posters i plenum
-------	---------------------------------------

14.45 - 15.10	Poster walk: abstracts #19-30
---------------	--------------------------------------

15.10 - 15.35:	Kaffepause og netværk
----------------	------------------------------

Session 4 - orale præsentationer

Chair: lektor, seniorforsker David Høyrup Christiansen og klinisk lektor, overlæge Jesper Nørgaard Bech

15.35	Indledende bemærkninger v/ chairmen
-------	--

31	15.40	Diclofenac use and cardiovascular risks: A nationwide cohort study of 1.370.832 diclofenac initiators	Morten Schmidt
32	15.52	DaBlaCa-11: Photodynamic Diagnosis in flexible cystoscopy – Initial findings in a randomised controlled trial	Ditte Drejer

33	16.04	Does genetics of obesity overlap with pharmacogenetics of antipsychotic induced weight gain? A molecular pathway analysis.	Henrik Thyge Corfitsen
34	16.16	Predictors of central venous catheter related infections in a retrospective cohort study at a surgical department	Helene Gallefoss
35	16.28	Does Pain Catastrophizing predict physical function after Knee replacement?	Sara Birch
36	16.40	Effect of hypertonic saline and furosemide on urinary markers of kidney injury	Frank Mose
37	16.52	Opportunistic Screening for Low Thoracic Bone Mineral Density in Patients Referred for Routine Cardiac CT	Morten Böttcher

17.05 - 17.15	Pause
---------------	--------------

17.15 - 17.55	Inviteret foredrag: Værdiskabende grundforskning: en odysse fra Institut for Biomedicin, Aarhus Universitet v/ Claus Olesen, seniorforsker og research business manager, Institut for Biomedicin, Aarhus Universitet
---------------	---

17.55	Afslutning v. sygeplejefaglig direktør Ida Götke
-------	---

18.00 - 18.30	Aperitif, netværk og postergalleri
---------------	---

Festmiddag, prisoverrækkelse og underholdning

18.30 - 21.00	Festmiddag m. tre-retters menu og musik ved trioen Beirut Festtale v/ lægefaglig direktør Jens Friis Bak Prisoverrækkelse Underholdning - en overraskelse
---------------	--
